

How to Unlock a Locked WIP Transaction

Login to the Stand Alone module of Media Management:

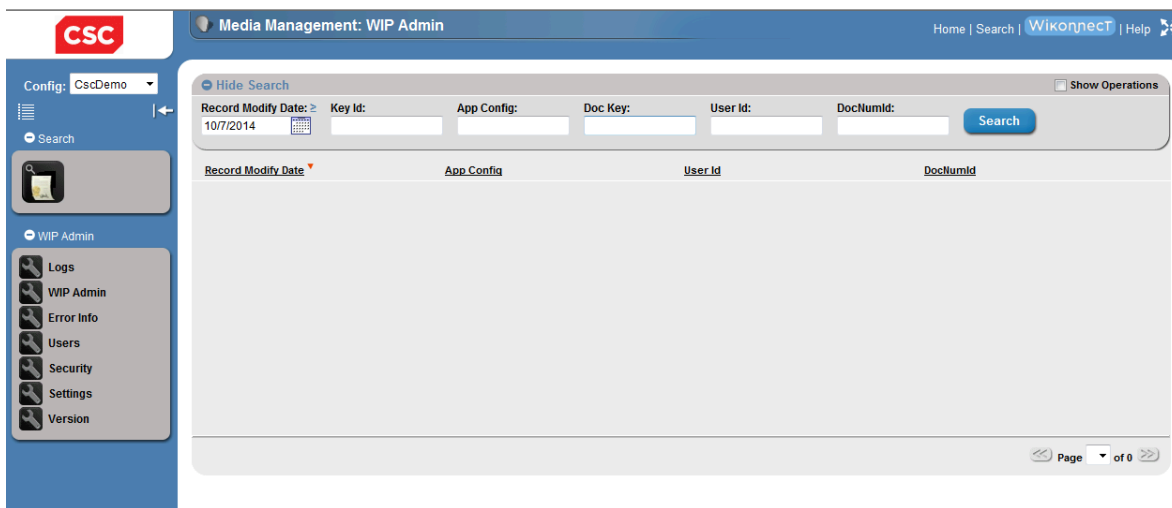

<https://mediamgmt-prd.mutualofenumclaw.com/MMCOMOEScriptMain/MMLogin.aspx>

ID = sysadmin

PW = syspwd

Select CONFIG = MOE

Click on: **WIP Admin** (from list on the left of the screen)

From the pop up window under **Record Modify Date**: select and earlier date than today so older records can be picked up, otherwise it is only looking at documents locked today.

Enter the policy number (no module) in either the **DocNumid**: field

Click on the Search Button

When results are returned, verify it is the correct record with correct User Id to be unlocked. Sometimes there can be multiple records returned.

<u>Record</u> <u>Modify Date</u> ▼	<u>App Config</u>	<u>User Id</u>	<u>DocNumId</u>
8/7/2014 8:33:12 AM	MOEWip	CHOLMQUIST	CPP000097504
8/1/2014 10:29:35 AM	MOEWip	CHOLMQUIST	CPP000097004
7/31/2014 2:16:33 PM	MOEWip	CHOLMQUIST	CPP000097704

Click on the record line and it should open up with a delete button available.

 Delete			

Click the **Delete** button to unlock wip.

Notify the user that the WIP should be unlocked.
