

TO REMOVE A TABLE FROM THE AUTOMATIC TABLE DOWNLOAD PROCESS FROM POINT

1. Remove POINT table name from POINT Table **TBLFILE**.
2. Remove the actual file from QDLS/TABLES folder in the POINT environment.
3. Remove the table file from the DocProd MRL.

TO ADD A NEW POINT TABLE TO THE AUTOMATIC TABLE DOWNLOAD PROCESS FROM POINT

1. Add the POINT table name to the POINT Table **TBLFILE**.
2. Manually add the table file to the DocProd MRL. This is necessary for RUNDAPNET to work the first time the new table is available for TABLE refresh.
